

# HOW CAN YOU KEEP TRACK OF ALL YOUR AMAZING IDEAS?

When you have many ideas at once, it can help to keep an idea journal. That way you'll remember all your great ideas later, when you're not busy with something else. This notebook design can work for any kind of book.

**1**

Fold your paper in half the hotdog way, then unfold it

**2**

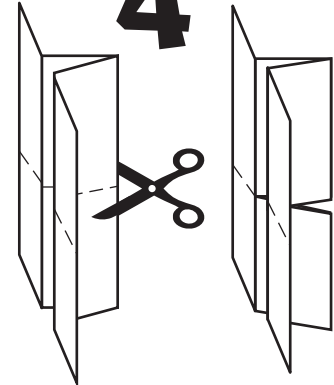

Then fold your paper in half the hamburger way

**3**

Crease each of the ends to the middle, then flatten them.

**4**

Cut the middle section on the fold until you run into the side folds. I think it looks like a mouth.

**5**

Open the mouth like a big yawn, folding back on the folded line until it's like a plus-sign.

**6**

Fold one page around to the front, and the opposite page around to the back. Smooth it into a book.

**7**

Fill it with ideas, stories, or anything else!
